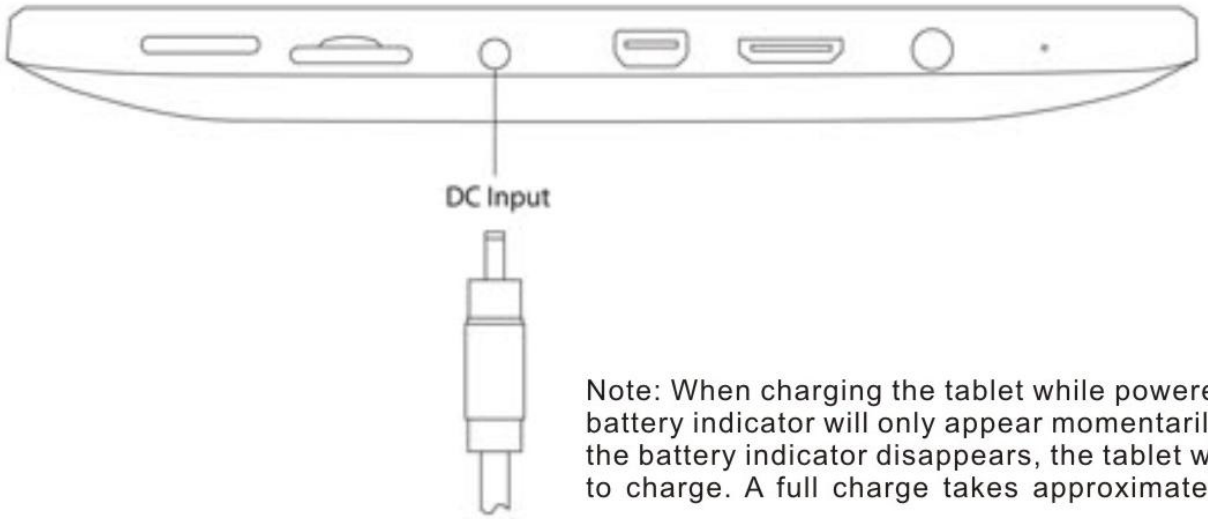
6. Mini-HDMI 1.4 port
7. Mini-USB OTG port
8. DC IN
9. Micro SD card reader
10. Speaker
11. Webcam
12. Back Key
13. Home Key
14. Open Apps Key
15. App Tray

3 - Charging your Device

Connect the AC adapter to your Tablet via the DC input on the bottom of the device (illustrated below). The Gemini may also be charged via USB by connecting your Tablet to a PC with the included USB cable.

It is recommended that that Tablet be fully charged before the first use. A full charge and discharge (15% or below) cycle is recommended to maximize the battery's life and performance.

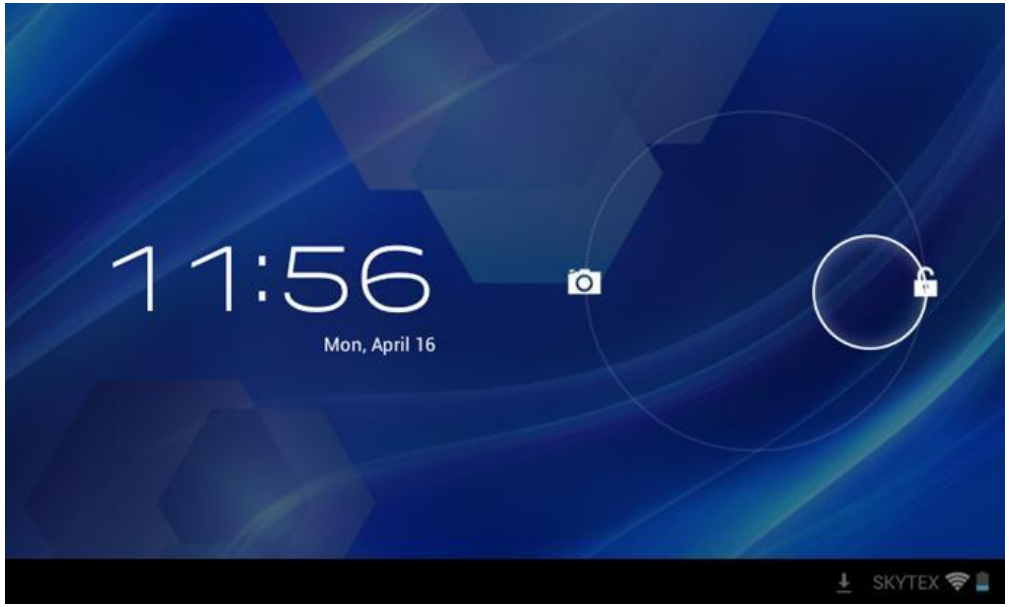
If the battery is completely drained please allow the Tablet at least 10-15 minutes to recharge prior to turning it on.



Note: When charging the tablet while powered OFF, the battery indicator will only appear momentarily. Although the battery indicator disappears, the tablet will continue to charge. A full charge takes approximately 3 hours.

4 - Turn Device ON/OFF/Standby Mode

ON: Press and hold the Power button until the Gemini loading screen appears. Once the lock screen appears, unlock the Tablet by swiping your finger from the left 'Unlock' icon to the right 'Unlock' icon (illustrated below). Should the display 'Timeout' (or go black) before you are able to unlock the Tablet, press the Power button for one second to turn the display back on.



OFF: Press and hold the Power button until the Tablet options appear. The options will prompt you to tap 'OK' to power the Tablet off or 'Cancel' to return back to the home screen.

STANDBY: To enter Standby Mode, simply tap and release the Power Button. To wake from Standby, tap and release the Power Button.

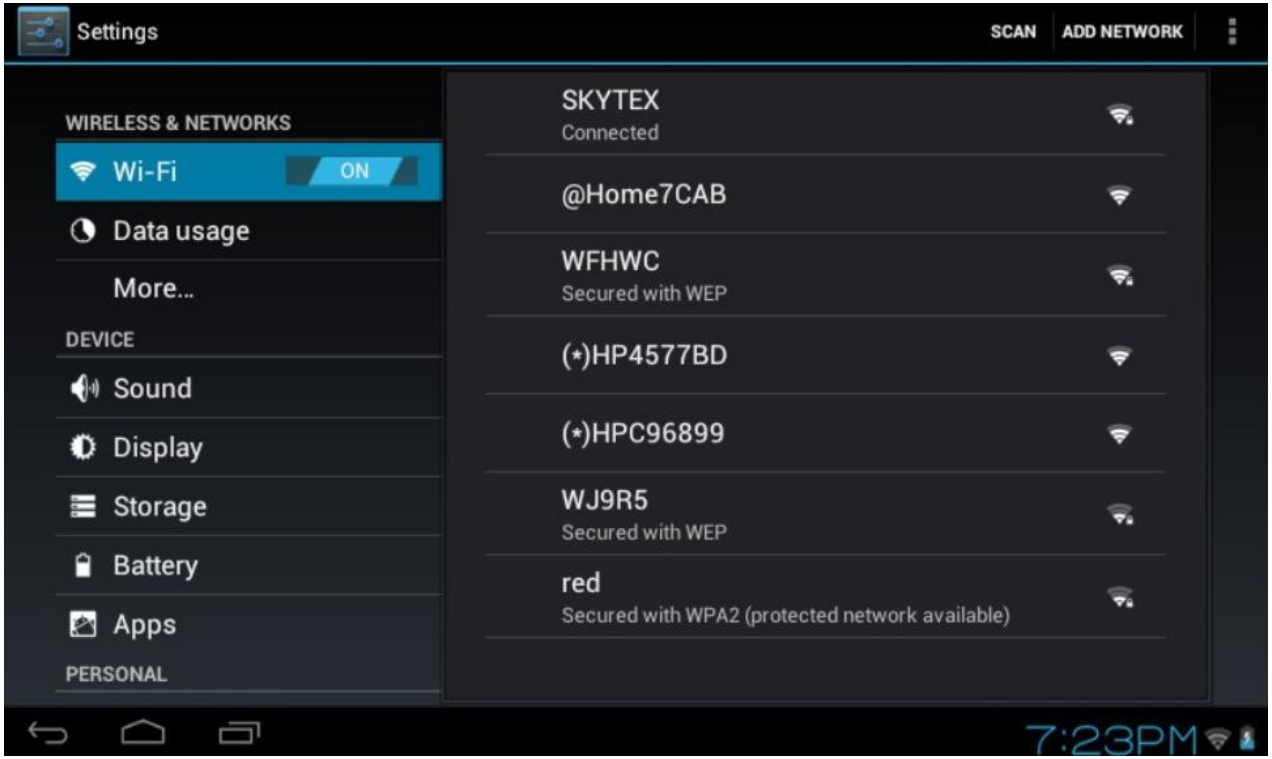
NOTE: Leaving the Tablet in Standby Mode when not in use will result in battery drain. Switch the Tablet off completely to conserve the power between charges.

5- Connecting to a Wireless Network

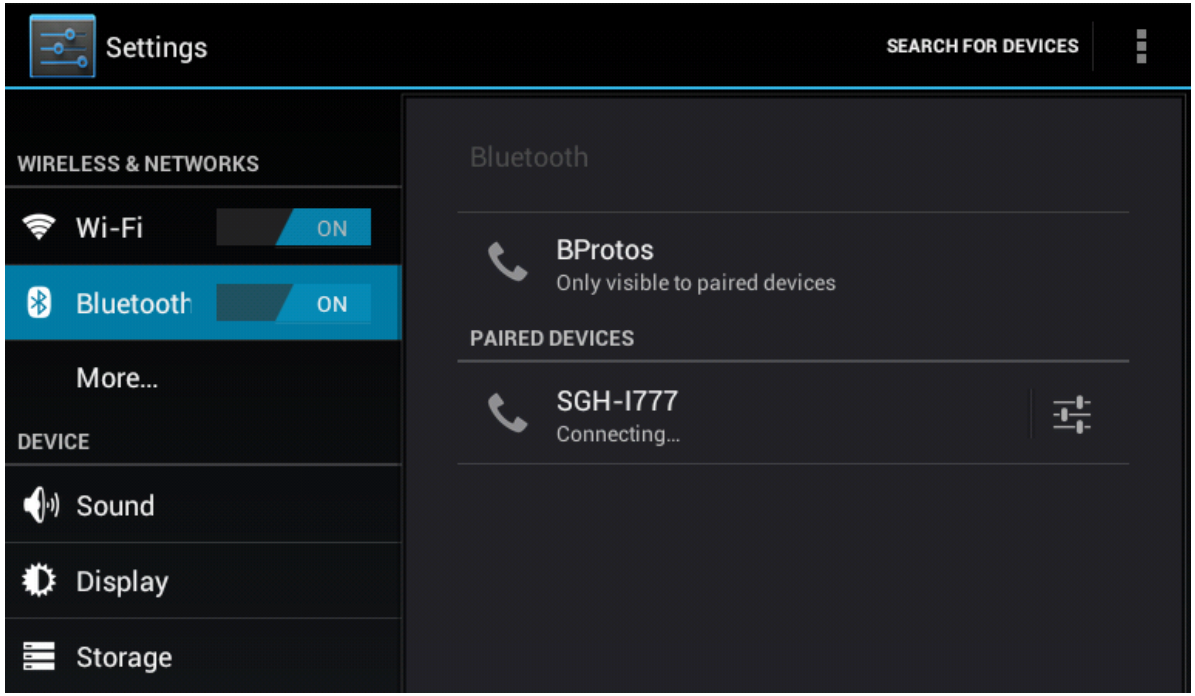
NOTE: To connect your Gemini to the Internet you must have an Internet connection and a wireless network.

A. Open the App Tray > Select ‘Settings’ > Switch the ‘Wi-Fi’ option from ‘OFF’ to ‘ON’ by tapping the ‘OFF’ icon.
B. A list of networks will appear to the right of the screen > Select your network and enter the password/network key.
C. Tap ‘Connect’ to complete the connection.

Tip: Check the “Show Password” box to verify password was entered correctly.



6- Connecting to a Bluetooth Device



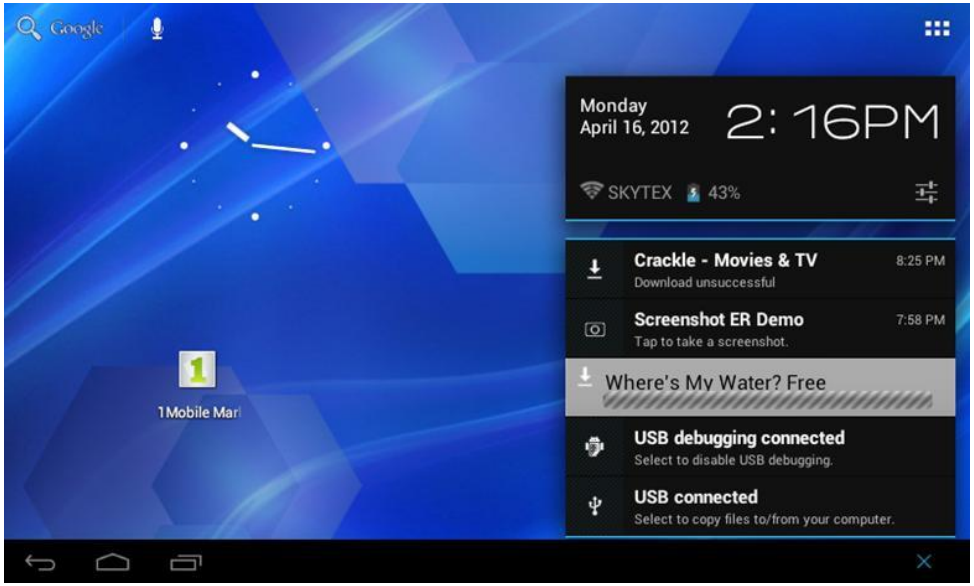
A. Open the App Tray > Select 'Settings' > Switch the 'Bluetooth' option from 'OFF' to 'ON' by tapping the 'OFF' icon.
B. A list of available devices will appear to the right of the screen > Select the desired device to connect.
C. Follow the instructions to complete the pairing. If you're prompted to enter a passcode, consult with the documentation that came with the device.
D. If the pairing is successful, your Tablet will connect to the device.

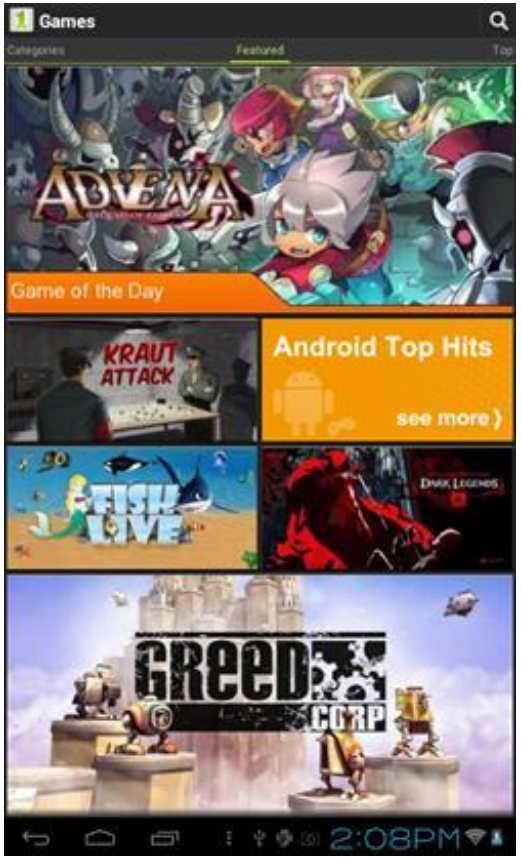
7 – Install Popular Apps from 1Mobile Market

A. Tap the App Tray located at the upper right hand corner > Select the 1Mobiel Market' > Search or browse for popular apps > Tap the desired app > Tap Download.

B. When a download is in progress an arrow indicating the download will appear on the bar at the bottom of the screen. Tap the arrow to view active downloads.

C. Once your download has completed you will be prompted to install the app. Tap 'Install' and when completed the app will appear in the App Tray.





Find over 200,000 apps at 1Mobile including online shopping apps, streaming video apps, games, social media, radio, news, recipes, and more. Visit us at www.skytex.com for recommended apps.

Note: Google Play is not supported at this time.

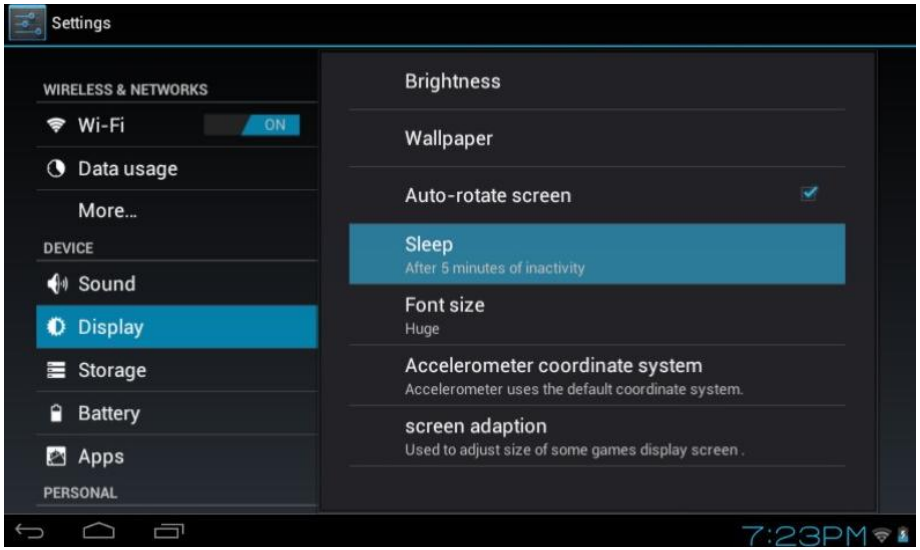
9 - Settings: Date, Time, & Screen Timeout

Manual Time Setting

A. Open the App Tray > Select ‘Settings’ > Scroll down to and tap ‘Date & Time’ > Select ‘Set Time’ > Set the hour and minute by tapping the arrow keys; then tap ‘Set.’

Manual Date Setting

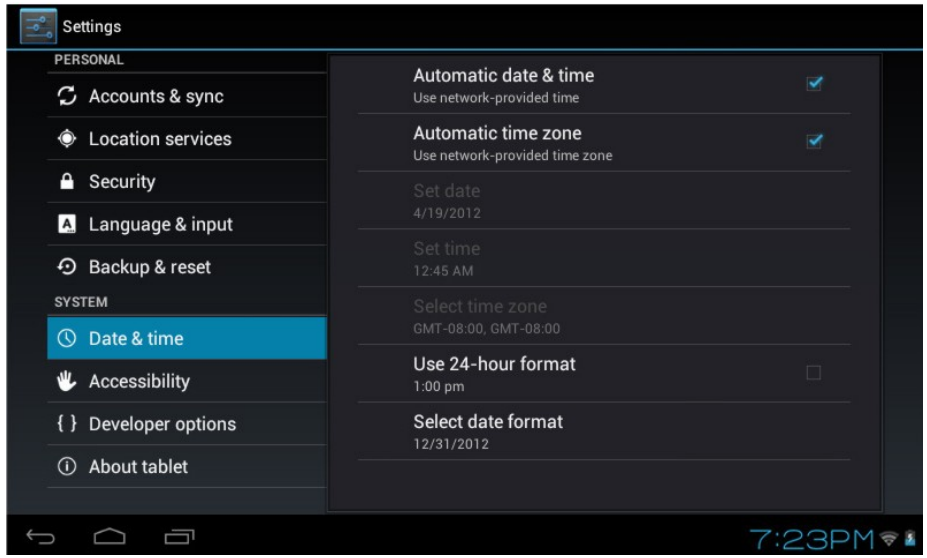
A. Open the App Tray > Select ‘Settings’ > Scroll down to and tap ‘Date & Time’ > Select ‘Set Date’ > Set the month, date, and year by tapping the arrow keys; then select ‘Set.’



Screen Timeout

A. Open the App Tray > Select ‘Settings’ > ‘Display’ > ‘Sleep.’

B. A dialogue box will appear with several options to choose from. Tap the length of time (in seconds or minutes) before the Tablet goes black (to conserve battery life).



Auto Date & Time

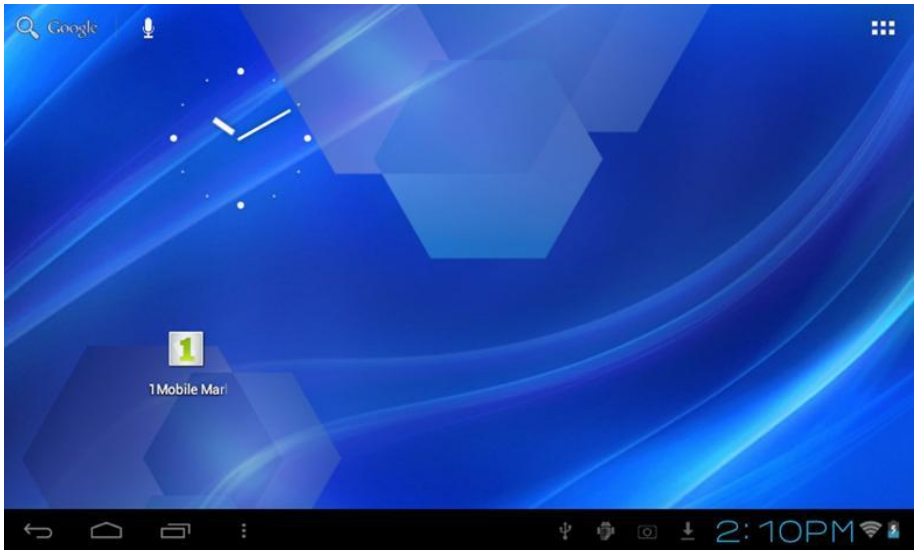
A. Open the App Tray > Select ‘Settings’ > Scroll down to and tap ‘Date & Time’ > Select ‘Automatic Date & Time’ to check the box.

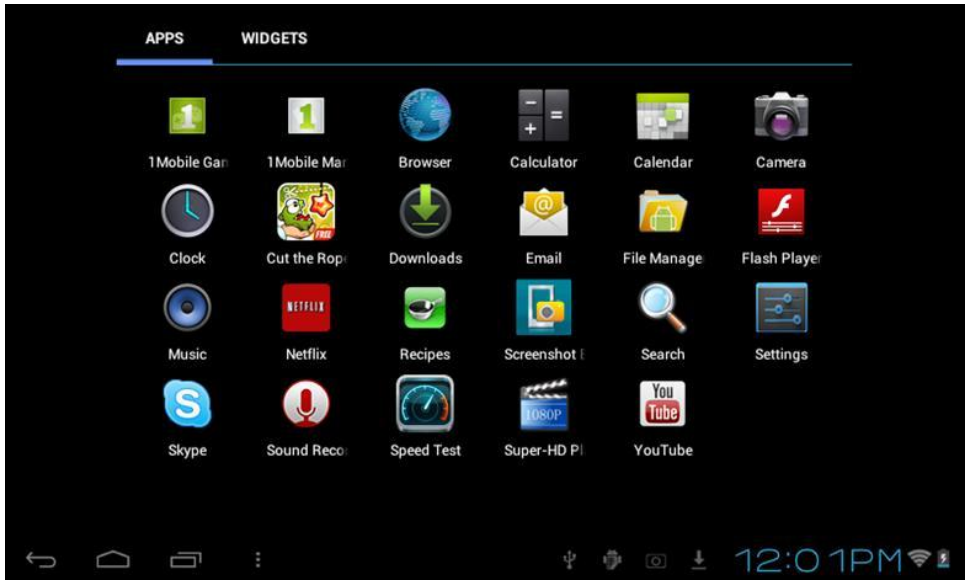
Note: The ‘Automatic Date & Time’ option sets the date and time using the network provided. Should an incorrect time zone appear, tap ‘Select Time Zone’ and find the appropriate time zone.

10 - Home Screen, Application Shortcuts

Home Screen

A. This is your starting point. The Home screen features a Status/Notifications Bar, Quick Search Icon, and Shortcut Icons.





Note: Apps that are running in the background may take up valuable memory and drain battery resources. Tap the icon and swipe to close the apps.

Add or Remove Favorite Apps from App Tray

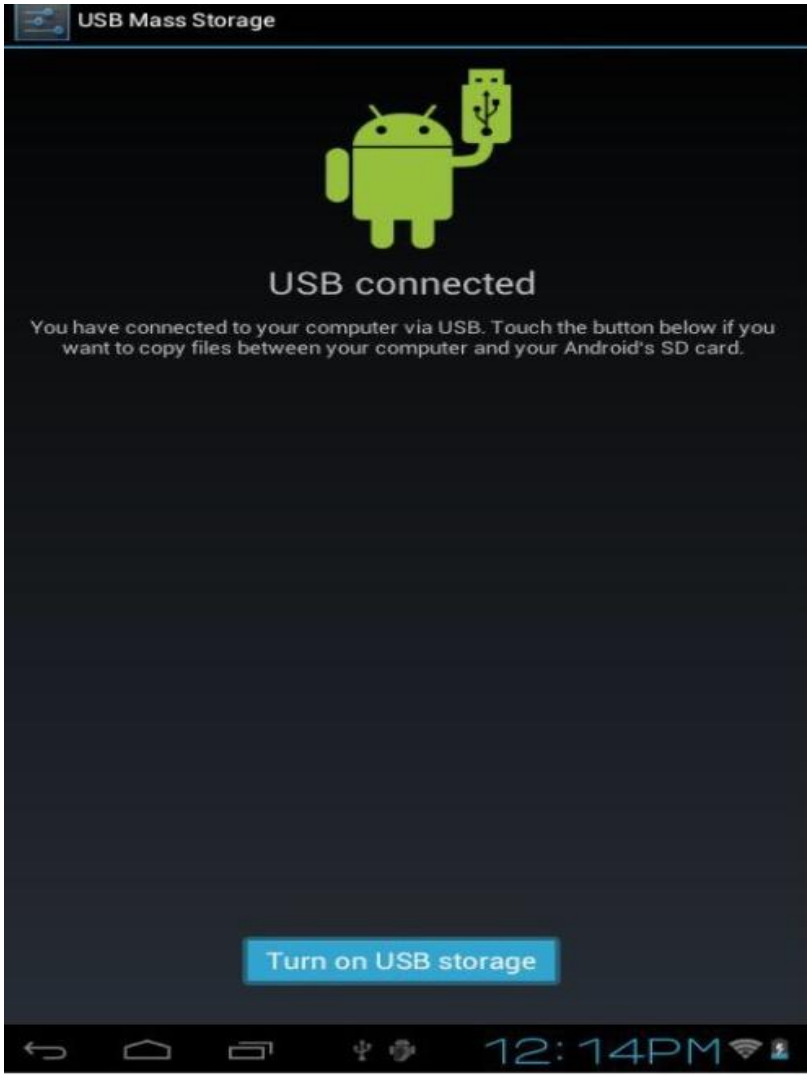
A. To open the App Tray tap the icon located at the upper right hand corner of the Tablet to display all of the applications that have been pre-installed or downloaded to your Tablet.

B. To add to the Home Screen, tap and hold the desired app. Release the icon onto the Home screen.

C. To remove an app from the Home screen, tap and hold the icon until it enlarges, then drag to the ‘Remove’ option that appears at the top of the screen.

11 - Transfer Your Music/Photos/Videos

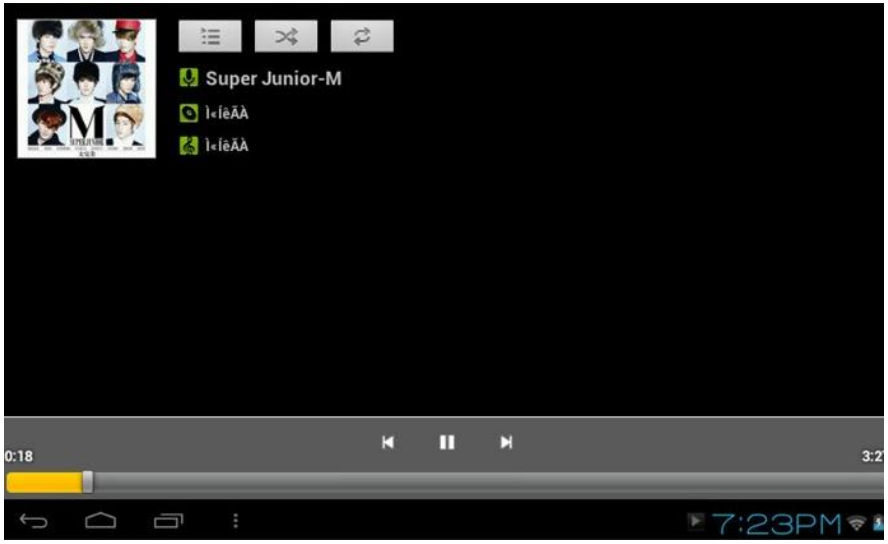
A. Connect your Tablet to your PC via the USB cable.
B. A USB symbol will appear in the Notifications Bar/Bottom Bar
C. Select the symbol that appears > Tap USB Connected > Turn on USB Storage.
D. You are now able to drag-and-drop your music, video, and photo files between your Tablet and PC.



USB Mass Storage
USB connected
You have connected to your computer via USB. Touch the button below if you want to copy files between your computer and your Android's SD card.
Turn on USB storage
12:14PM

Note: Your Tablet will be recognized as an external drive. Once completed, tap 'Turn off USB Storage' and remove Tablet from your PC.

12- Playing Your Music/Videos/Photos



Play Music

A. Go to App Tray then tap the 'Music' app.
B. Select the desired song and adjust volume settings to your liking.
C. To exit out of the app, tap 'Home or 'Back.'
D. To stop music playback, go back to the Music app and tap 'Pause.'

Watch Videos

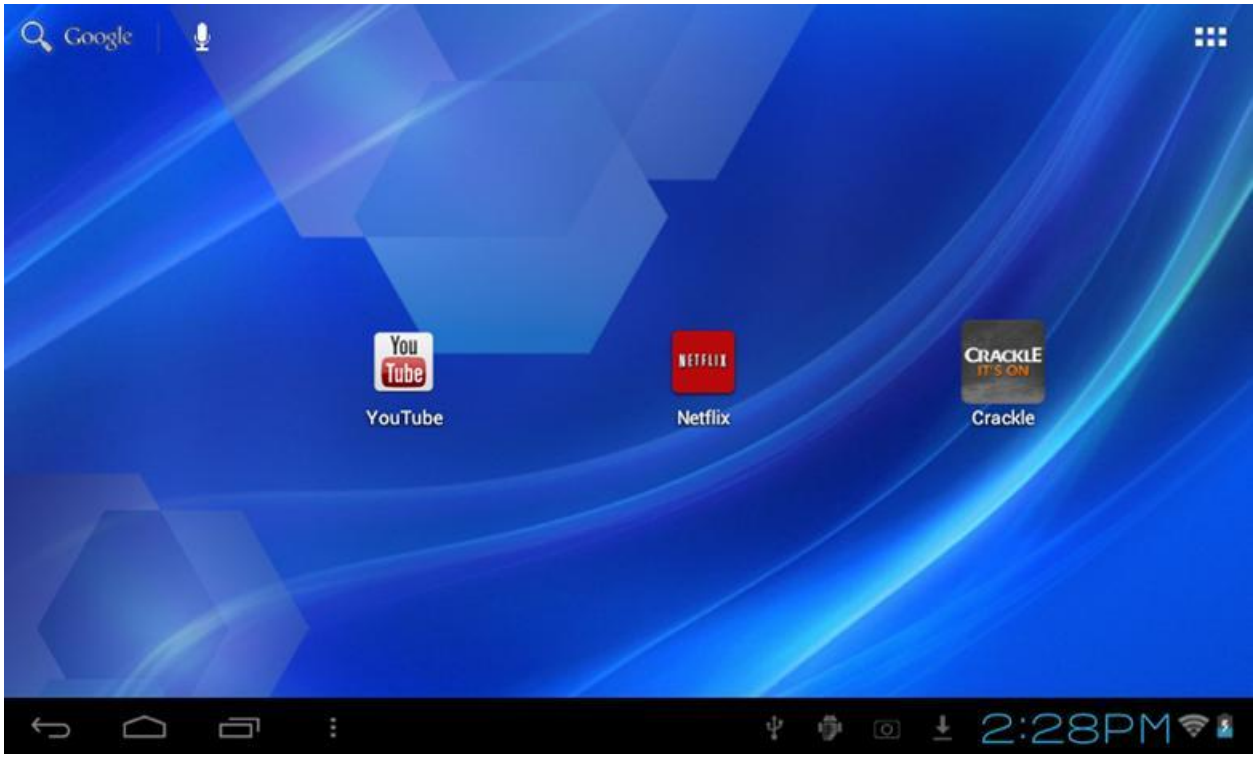
A. Go to the App Tray and select 'Super-HD Player'
B. Select the movie file to view.
C. Once the video begins, you may select playback controls that appear on the display.

View Photos

A. Go to App Tray and select 'Super-HD Player'
B. Tap on photo files you would like to view.

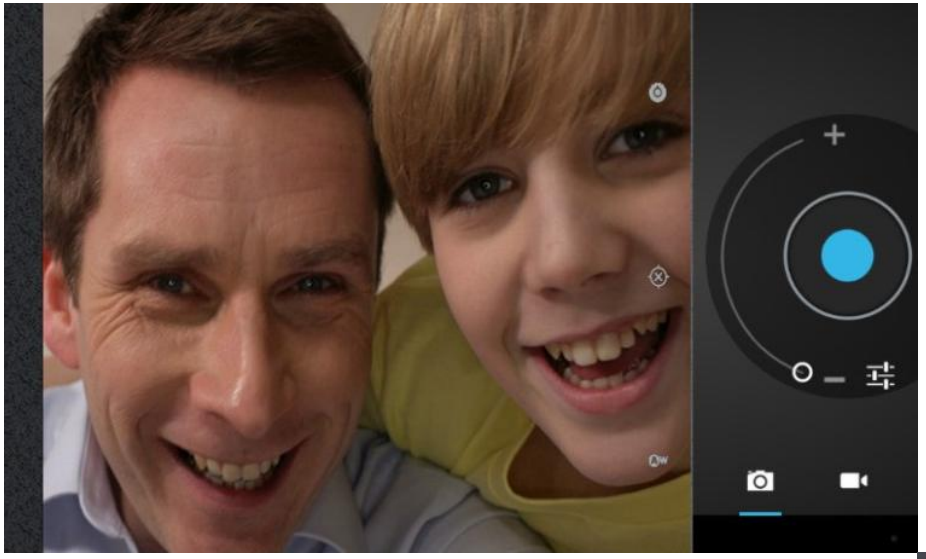
13 - Online Video Streaming and HDMI

The SKYPAD Gemini is capable of streaming videos directly from the Internet or via 3rd party streaming applications. To properly run certain applications Adobe® Flash® Player may be required. Popular streaming video applications are available through the 1Mobile Market for download onto the Tablet. Prior to streaming films, download the application of your choice.



Note: To view on your HDTV or monitor, connect using an optional HDMI cable.

14 - Webcam and Video Chat



Camera Use

A. Open the ‘Camera’ application by tapping the Webcam icon
B. Capture images shown on the display by tapping the aperture button
C. Tap the thumbnail of an image that appears to view or edit the photo.

Note: You may also view your photos with the ‘Super-HD Player’ app

Camera Functions

A. Tap the Trash Can icon to delete.
B. Tap Menu > ‘Set Picture As’ to set the photo as the Table’s background.

Video Chat

A. Download and install your favorite video chat app from the 1Mobile Market.
B. The Webcam is set as the default camera for video chat.

15 - Setting up Your Email

A. From your App Tray, tap the ‘Email’ icon to enter the Email client.
B. Enter an email address and a password.
C. After you have entered your information, press ‘Next’ to move to the next step.
D. The email app will test the incoming and outgoing mail servers. Once completed, you will be prompted to enter an account name and your name.
E. The account name is used to identify the name of the account on the Tablet.
F. Your name will be displayed on all outgoing messages sent from the email app on your Tablet.

Certain email providers will require you to enter more details about the type of account you are using. You will have three choices: POP3, IMAP, and Exchange. If unsure of your account type, please contact your email provider for more information

16 - FAQ's

- **Why do I get a parsing error when I attempt to download apps from the 1Mobile Market?**
  - *We recommend force closing the application and clearing the cache data. To do this go to Settings > Manage Applications > All > 1Mobile > Force Stop > Clear Data*
  - *If you continue to receive the parsing error, try downloading the application from the 1Mobile Market's website at www.1mobile.com.*

- **How can I reset my Alpha2?**
  - If your SKYPAD Alpha2 won't turn on try resetting the device. To reset the Alpha2 first make sure the power source is unplugged. Press and hold the Power button for 10 seconds and then plug the power source back in. Press the Power button for another 2-3 seconds.
  - There is also a reset button located in the microphone hole. With the power source unplugged, use a small paper clip and press the reset button. Plug the power source back in and press the Power button.

- **Where can I get Android Apps from?**
  - *We've pre-installed the 1Mobile Market, giving you immediate access to over 200,000 of the best Android apps available. All for free! Additionally, there are several 3rd party Android app stores that offer free and paid apps. Google Play is not officially supported at this time but app stores such as the Amazon App Store, GetJar, and SlideMe are alternatives.*

- **Why am I unable to connect to my Wi-Fi Network?**
  - *Make sure that the correct password is entered when connecting to your wireless network. To ensure a correct password is being entered enable the "Show Password" option and double check for a case sensitive password. If you are still having problems you may need to contact your Wireless provider.*

- **How do I reset my Tablet to the factory default settings?**
  - *To erase all data on the Tablet go to Settings > Backup & reset > Tap Factory Data Reset.*
